

JACKSONVILLE, Florida (April 20th, 2009) iVenture Solutions, Inc., a leading IT service and support company, serving hundreds of small and medium sized business customers throughout Jacksonville, Orlando, and Atlanta, is announcing another installment of the company's 2009 Lunch and Learn for Small Business series targeted at bringing together global technology leaders and local businesses for an informal luncheon to talk about how to move business forward in today's economy.

This 3rd installment will bring Citrix Systems, Inc. to the Jacksonville and Orlando market and will focus on how to achieve fast, simple, secure remote access to Windows applications and shared files from almost anywhere using a basic Internet connection. The event will be held at the Jacksonville Marriott in Southpoint on May 12th from 11:30a until 1:30 and at the Orlando Citrus Club on May 14th from 11:30 until 1:30. Lunch and parking will be provided; however seating is limited so an RSVP is required.

About Citrix www.citrix.com

Citrix is the global leader and the most trusted name in application delivery infrastructure. More than 200,000 organizations worldwide rely on Citrix to deliver any application to users anywhere with the best performance, highest security and lowest cost. Citrix customers include 100% of the Fortune 100 companies and 99% of the Fortune Global 500, as well as hundreds of thousands of small businesses and consumers. Citrix has approximately 6,200 channel and alliance partners in more than 100 countries. Annual revenue in 2008 was \$1.6 billion.

About iVenture www.iventuresolutions.com

iVenture Solutions, Inc. was founded in 2000 by two Jacksonville natives who attended the University of Florida together. Following college graduation, they worked in the technology departments of different Fortune 500 companies. After several years, they decided to start a company offering a more professional large company IT experience to the local small and medium sized business community. iVenture's current customer base is located in Jacksonville, Orlando and Atlanta. Customers range from 5 to over 500 employees in the healthcare, financial, manufacturing, retail and legal fields as well as many others. iVenture offers a wide range of IT services ranging from network design and implementation projects to full support engagements (managed services). Managed services include complete IT services for small to mid-sized customers at a fixed price, which include server, workstation and network monitoring, management, end-user support and disaster recovery.

iVenture is recognized locally by the Jacksonville Business Journal as one of the top 25 best places to work, as well as one of the 50 fastest growing privately held companies in Northeast Florida. Nationally, iVenture was recognized by CRN Magazine as number 41 out of the top 100 technology firms in the country, and recognized by INC Magazine as one of the country's top 5000 fastest growing companies.
